BUILDING PRODUCTS DEVELOPMENT AND LOGAN STAMPINGS FORGE PARTNERSHIP TO BENEFIT CUSTOMERS

Edmond, OK - Building Products Development, Inc. is happy to announce a partnership with Logan Stampings, Inc. of Logansport, Ind. BPD will take on all sales and marketing activities for Logan Stampings in the metal construction industry. This strategic move was established to provide a single source for standing seam roof clips and components that are of the highest quality while meeting the design and testing needs of customers.

This partnership will allow both companies to focus on their strengths and give customers the best overall experience. Logan Stampings will continue to use its state-of-the-art tooling to manufacture and produce the superior clips that you've come to expect. The personnel at BPD will provide many years of design and testing experience as well as handle all of the marketing and sales efforts. The combined strengths of these two companies will work to benefit their current and future customers.

"We are really excited about this change because that means our customers will have one source for the most complete line of clips available," stated Dale Altizer, President of BPD. "This partnership not only provides customers with excellent products, it also gives them access to our design and testing expertise. "

In addition to the largest selection of high quality clips with the latest innovations, the partnership also gives customers fast turn around time on custom orders. The benefits to the metal roofing industry are that BPD can now be the one stop shop for all of your metal roofing clips, components and design needs.

If you would like more information on this new opportunity, or to learn more about the clips offered, call 1-800-405-1909 or visit www.bpdusa.com.

###

Building Products Development, Inc. is dedicated to providing the most state-of-the-art products for the metal construction industry.
